

Plotting table with graphics

This example highlights the issue with formatting a nice table with the graphics and the vertical alignment of text.

```
library(knitr)
kable(df.table[, c(1,2)], caption="Rows look neat and a sensible distance apart")
```

Table 1: Rows look neat and a sensible distance apart

Person Name	Time taken
Person1	9.497924
Person2	10.610770
Person3	12.040431
Person4	10.448477
Person5	11.284716
Person6	5.672550

```
kable(df.table, caption="Rows are separated a long way apart and images and text are misaligned")
```

Table 2: Rows are separated a long way apart and images and text are misaligned

Person Name	Time taken	Variance Chart
Person1	9.497924	
Person2	10.610770	
Person3	12.040431	
Person4	10.448477	
Person5	11.284716	
Person6	5.672550
